

REMARKS

Reconsideration and allowance are respectfully requested in view of the foregoing amendments and the following remarks.

Claims 1-17 and 19-35 are currently pending in the application. By this Amendment, claims 1, 4, 7, and 10 have been amended for clarity purposes only.

Applicants appreciate the courtesies extended by Examiner Nasri to Applicants' representative during a personal interview conducted on September 6, 2006. The substance of the personal interview is discussed in greater detail below.

In the personal interview, Examiner Nasri agreed that a minor amendment to each of the independent claims (e.g., clarifying that the retaining clip is adapted to allow disengagement of the plug from the socket at a predetermined release force while engaged with the plug) will overcome the cited references of Kawaguchi and Maegawa (see Interview Summary). Accordingly, independent claims 1, 4, 7, and 10 have been amended for clarity purposes in accordance with the Examiner's suggestion. Withdrawal of the rejection of the claims under the Kawaguchi and Maegawa references is respectfully requested.

In view of the above amendments and remarks, Applicants respectfully submit that all claims are patentable and that the entire application is in condition for allowance.
